About NexMinds Academy

NexMinds Academy is a premier professional training institute committed to delivering industry-ready skills in the most in-demand technologies. We bridge the gap between education and employment through real-world projects, expert mentorship, and guaranteed placement support making our learners job-ready from day one.

All Courses at a Glance

Sr.	Course Name	Duration	Fees	Career Path
01	Data Analytics	3–6 Months	₹35,000	Data Analyst, Business Analyst
02	Data Engineering	4–8 Months	₹70,000	Data Engineer, ETL Developer
03	Full Stack Development (MERN)	4–6 Months	₹60,000	Full Stack & Web Developer
04	Mobile App Development	3–5 Months	₹50,000	Mobile App Developer
05	Artificial Intelligence & ML	5–8 Months	₹85,000	ML Engineer, AI Developer
06	Generative AI & Prompt Engineering	1–3 Months	₹30,000	AI Prompt Engineer
07	Business Intelligence (BI)	2–4 Months	₹35,000	BI Analyst
08	Database Administration (DBA)	2–4 Months	₹35,000	DBA
09	Proposal & Report Writing	1–2 Months	₹15,000	Proposal Writer
10	AI in Healthcare — Foundation	2 Months	₹25,000	Healthcare AI Specialist
11	AI in Healthcare — Applied	3 Months	₹40,000	Clinical AI Analyst
12	AI in Healthcare — Advanced	6 Months	₹75,000	Healthcare AI Professional

Data Analytics & Data Engineering

01 Data Analytics

Excel, SQL, Python, Power BI, Tableau turn raw data into business insights

Duration
3–6 Months

Fees
₹35,000

Career Path
Data Analyst
Business Analyst

Key Topics

- Excel & Advanced Excel
- SQL & Database Management
- Python for Data Analysis
- Data Visualization
- Statistics & Probability
- Data Cleaning & Preprocessing
- KPI Design & Reporting

Real-World Projects

- Sales Performance Dashboard using Power BI
- Business Revenue Analysis with Python & Pandas
- Customer Segmentation using SQL & Excel

02 Data Engineering

Design & build data pipelines — ETL, Spark, Kafka, Snowflake, Azure, AWS

Duration
4–8 Months

Fees
₹70,000

Career Path
Data Engineer
ETL Developer

Key Topics

- Python Programming
- ETL Process Design
- Apache Spark & Hadoop
- Kafka Streaming
- Data Warehousing
- Airflow Orchestration
- SQL & Advanced Databases

Real-World Projects

- End-to-End Data Pipeline
- Real-Time Data Streaming with Kafka + Spark

Full Stack Development & Mobile App Development

03 Full Stack Development (MERN)

React.js, Node.js, MongoDB, Express — build complete web applications end-to-end

Duration
4–6 Months

Fees
₹60,000

Career Path
Full Stack Developer
Web Developer

Key Topics

- HTML5, CSS3 & JavaScript
- React.js & Express.js
- Node.js APIs
- MongoDB & Mongoose
- RESTful APIs
- Authentication (JWT, OAuth)

Real-World Projects

- Full E-Commerce Website (MERN)
- Admin Dashboard with Analytics

04 Mobile App Development (MERN)

Flutter & Dart — build beautiful cross platform mobile apps

Duration
3–5 Months

Fees
₹50,000

Career Path
Mobile App Developer
Flutter Developer

Key Topics

- Flutter Fundamentals
- UI/UX Design in Flutter
- State Management
- Firebase Integration
- REST API Integration
- Push Notifications

Real-World Projects

- E-Commerce Mobile App
- Chat App with Firebase

Artificial Intelligence & Generative AI

05 Artificial Intelligence & Machine Learning

ML models, Deep Learning, NLP, computer vision — build intelligent systems

Duration
5–8 Months

Fees
₹85,000

Career Path
ML Engineer
AI Developer
Data Scientist

Key Topics

- Python for AI & Data Science
- Machine Learning Algorithms
- Deep Learning & Neural Networks
- NLP
- Computer Vision
- Model Deployment

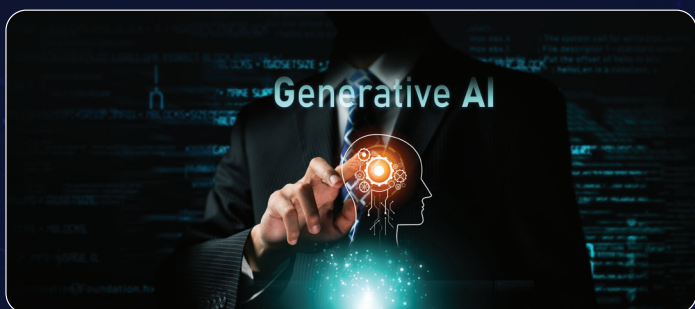

Real-World Projects

- Customer Churn Prediction Model
- Image Classification using CNN

06 Generative AI & Prompt Engineering

ChatGPT, Claude, Gemini, LangChain, RAG — master the hottest AI skill of 2025

Duration
1–3 Months

Fees
₹30,000

Career Path
AI Prompt Engineer
LLM Developer

Key Topics

- Prompt Engineering Basics
- LLM Models
- LangChain & RAG
- AI Chatbots
- AI Automation

Real-World Projects

- AI Chatbot using LangChain
- RAG-based Document Q&A Bot

Business Intelligence, Database & Proposal Writing

07 Business Intelligence (BI)

Power BI, Tableau, SQL —
build dashboards & derive
business insights

Duration
2–4 Months

Fees
₹35,000

Career Path
BI Analyst
Reporting Analyst

Key Topics

- Power BI & Tableau
- SQL & Data Modeling
- KPI Dashboards
- Data Reports

Real-World Projects

- Finance & KPI Analytics Dashboard
- Sales Performance Report

08 Database Administration

SQL, performance tuning,
backup, security — become a
DBA expert

Duration
2–4 Months

Fees
₹35,000

Career Path
Database Administrator
SQL Developer

Key Topics

- SQL & Advanced Queries
- Database Design
- Backup & Recovery
- Performance Tuning

Real-World Projects

- Database Design Project
- Backup & Recovery Plan

09 Proposal & Report Writing

Learn to write winning proposals &
professional reports

Duration
1–2 Months

Fees
₹15,000

Career Path
Proposal Writer
Research Analyst
Consultant

Key Topics

- Report Structure
- Technical Writing
- Business Communication
- Proposal Techniques

Real-World Projects

- Project Proposal
- Research Report
- Business Report

AI in Healthcare (3-Level Program)

10 Foundation

🕒 2 Months

💰 ₹25,000

Healthcare AI Specialist

Key Topics

- Intro to AI in Healthcare
- Medical Data Basics
- Python for Healthcare
- Data Preprocessing
- AI Ethics in Healthcare

Real-World Projects

- Patient Data Analysis
- Health Risk Prediction

11 Applied

🕒 3 Months

💰 ₹40,000

Clinical AI Analyst

Key Topics

- Machine Learning in Healthcare
- Medical Imaging Basics
- Disease Prediction Models
- Healthcare Analytics
- NLP in Healthcare

Real-World Projects

- Disease Prediction Model
- Medical Image Classification

12 Advanced

🕒 6 Months

💰 ₹75,000

Healthcare AI Professional

Key Topics

- Deep Learning in Healthcare
- Advanced Medical Imaging
- GenAI for Healthcare
- AI in Drug Discovery
- Healthcare AI Deployment

Real-World Projects

- AI Chatbot for Healthcare
- End-to-End AI Healthcare App
